

17th INTERNATIONAL SYMPOSIUM

“MINE ACTION 2020“

Vodice, Olympia Hotel, April 6-9, 2020

Dear colleagues,

Croatian Ministry of the Interior and Croatian Mine Action Centre - Centre for Testing, Development and Training, in cooperation with Organization for Security and Co-operation in Europe (OSCE Project Co-Ordinator in Ukraine and OSCE Programme Office in Dushanbe) have the pleasure to invite you to the 17th International Symposium Mine Action 2020, which is to be held in Vodice from 6th to 9th April 2020.

The Symposium is intended for representatives of national mine action authorities, demining companies, relevant ministries, manufacturers of mine action equipment, donors, scientists and representatives of other civilian and military structures involved in mine action.

The Symposium topics will reflect current challenges in mine action, but will also enable presentation of the knowledge and experiences worldwide:

- ✓ *Models of Mine action systems*
- ✓ *Quality management in mine action*
- ✓ *Priority criteria for mine action (security, infrastructure, ecology, tourism)*
- ✓ *Modern technologies in mine action*

We believe that this will be an excellent opportunity for you to present your demining technologies and methodologies to the target audience.

You can present your company and products at the equipment exhibition held as part of the Symposium, by ordering an exhibition stand and advertising in the Book of Papers, while at the field demonstration you will be able to demonstrate your latest technologies in an interactive relationship with the attendees.

For more information, please visit www.ctro.hr.

Sincerely yours,

*President of the Organising Committee
Katarina Markt*
